Broadway's hit crowd-pleaser takes you to the stoops of the Bronx in the 1960s — where a young man is caught between the father he loves and the mob boss he'd love to be. Bursting with high-energy dance numbers and original doo-wop tunes from the songwriter of "Beauty and the Beast" — Alan Menken — "A Bronx Tale" is an unforgettable story of loyalty and family. Academy Award-winner Robert De Niro and Tony®-winner Jerry Zaks direct this streetwise musical based on Academy Award-nominee Chazz Palminteri's story that The New York Times hails as "A Critics' Pick. Colorado Capitol Building Tour (Denver)

Did you know the capitol building is made from Colorado rose onyx (also known as Beulah red marble), a type of stone so rare that all known reserves were used in the capitol's construction? The Colorado rose onyx itself was quarried in the town of Beulah, Colo. And did you know the capitol's original signature dome was made of copper, but was swapped out for gold in 1908 due to the copper's tendency to oxidize, creating a dull patina cover? The dome was plated with 200 ounces of glistening 24-karat gold leaf to commemorate Colorado's Gold Rush and the brave pioneers and miners who helped build Colorado. Three reapplications of Colorado gold leaf occurred between 1908 and 1980 — the most recent golden shine now comes from 65 ounces of .999 pure gold that was mined in Colorado, hammered into gold leaf in Florence, Italy, and applied in 2013. Learn about the history and construction of the Colorado Capitol Building. Join us on this tour and learn more great facts about our state's capitol building and see our lawmakers hard at work.

'Hello Dolly,' Buell Theatre (Denver)

Tony Award®-winning Broadway legend Betty Buckley stars in "Hello, Dolly!" — the universally acclaimed smash that NPR calls "the best show of the year!" Winner of four Tony Awards, including Best Musical Revival, director Jerry Zaks' "gorgeous" new production (Vogue) is "making people crazy happy!" (The Washington Post). Breaking box office records week after week and receiving unanimous raves on Broadway, this production of "Hello, Dolly!" pays tribute to the original work of legendary director/choreographer Gower Champion — hailed both then and now as one of the greatest stagings in musical theater history. Rolling Stone calls it "a must-see event. A musical comedy dream. If you're lucky enough to score a ticket, you'll be seeing something historic. Wow, wow, wow, indeed!"

Zoo (Denver)

Join us on a Denver Zoo safari and see why the Denver Zoo is considered a leader among its peers in design and planning for the future. The Denver Zoo Millennium Master Plan oversaw the development of Primate Panorama with two phases, one in 1996 and one in 2002, a new main entrance welcoming guests immediately to the award-winning Predator Ridge in 2004, and Toyota Elephant Passage in 2012. These improvements to the Denver Zoo have affirmed its place as a leader in exhibit design and visitor experience. The rotational exhibit concept introduced in Predator Ridge has been mimicked in exhibits all over the world, and

was improved upon for Toyota Elephant Passage. This concept allows different species to be seen in the exhibits at different times by rotating animals through multiple habitats. This stimulates their minds, expands their experiences, and provides important exercise opportunities.
