LETTER FROM THE DIRECTOR

Eric Lucas, Director of Parks, Recreation & Culture

Throughout the Activity Guide, you will find activities, programs, and events that reflect our department mission, which is to “impact lives and build community pride.” We strive to accomplish our mission by offering something for everyone. Whether it is a stroll on one of our numerous parks or trails, an adventure on the new Main Park playground, a visit to our Art & Heritage Center, or a day spent in the Community Recreation Center, I hope you will find something that engages and challenges you to live a healthier, more rounded life.

As we head into 2019, our department is energized and looking forward to continuing to meet the challenges of our growing, vibrant community. This means the addition of two new neighborhood parks (Village East and Windshire), and new and improved programs, events, and facilities that will continue to enhance the quality of life of Windsor residents and visitors.

As always, if you have ideas, concerns, or would just like to chat, please feel free to reach out. I would love to hear what you have to say regarding parks, recreation, and culture here in Windsor! Have fun out there!
